Public Notice #06-023-CO-M-TVMM

Date: April 4, 2006

NOTICE OF DRAFT CONSTRUCTION PERMITS

**MILLIKEN & COMPANY (GAYLEY & ENTERPRISE PLANTS)
PUMPKINTOWN ROAD
MARIETTA, SOUTH CAROLINA
(GREENVILLE COUNTY – REGION 2 GREENVILLE EQC OFFICE)
AIR PERMIT NOS. 1200-0029-CH (GAYLEY) & 1200-0060-CN (ENTERPRISE)**

Milliken & Company (Milliken) has applied to the SC DHEC for construction permits to establish new federally-enforceable Hazardous Air Pollutant (HAP) emission limits at its existing co-located Gayley & Enterprise Plants. Draft construction permits and engineering calculation sheets have been written by the BAQ outlining this proposal and applicable regulations. If approved, the draft permits will enable these facilities to continue to operate in compliance with State and Federal Air Quality Regulations. The draft permits have not yet been approved and are open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA).

Operations at the Gayley & Enterprise Plants include printing, dyeing, and finishing of fabrics. Emissions generated by these facilities include Sulfur Dioxide, Nitrogen Oxides, Carbon Monoxide, Volatile Organic Compounds, Particulate Matter (PM)/PM less than 10 Microns in Diameter, and HAPs. Combined HAP emissions from these facilities have the potential to exceed Maximum Available Control Technology (MACT) major source thresholds. Milliken is requesting that federally enforceable, combined limits of less than 10 tons per year (TPY) of any individual HAP, and less than 25 TPY of any combination of HAPs, be established for these facilities, thereby enabling each to limit its potential to emit to below applicable MACT Standards as defined by Title 40 of the Code of Federal Regulations, Part 63, "National Emission Standards for Hazardous Air Pollutants for Affected Source Categories." If approved, there will be no new construction, physical modifications, or emission increases from sources at either facility as a result of this proposal.

DHEC issued Title V Operating (TV) Permits to each of these facilities on March 8, 2006. DHEC has identified the incorporation of the terms and conditions of each facility's draft construction permit into its respective TV permit as a minor modification in accordance with SC DHEC Regulation 61-62.70 "Title V Operating Permit Program." Therefore, if approved, each facility's issued construction permit will be incorporated as a minor modification into its respective TV permit with no additional public comment period. All emissions limitations and conditions contained in the draft construction permits have been written in accordance with the SC Title V Operating Permit Program.

Interested persons may review the materials drafted and maintained by DHEC for these facilities and submit written comments on the draft permit(s) by May 3, 2006 to Ms. Jo Anna Cunningham at the above DHEC address. All comments received by May 3, 2006 will be considered when making a final decision regarding the draft permits. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ms. Donna Moye at the above DHEC address or by e-mail at: moyedd@dhec.sc.gov. If a public hearing is requested and held, notice will be given in this publication thirty (30) days in advance. A request for a contested case hearing may be filed after a final decision has been made. Contested case information is available from the Office of General Counsel at the above DHEC address or by calling (803) 898-3350. Information relative to the draft permits will be available for review through May 3, 2006 at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Region 2 Greenville EQC Office, 301 University Ridge, Suite 5800, Greenville, SC 29601 at (864) 241-1090.

The BAQ maintains a county based mailing list for persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Donna Moye at the above DHEC address or e-mail. Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents must be requested in writing at a \$.25 per page charge.

Please bring this notice to the attention of persons you know will be interested in this matter.
